Explanation

*Ovals indicate NDFS courses; boxes indicate other classes. Shaded courses fulfill major requirements. Courses in brackets [] are recommended but not required. Other courses fulfill University Core (General Education and Religion) requirements.
*Arrows are drawn from prerequisite courses; double arrows indicate courses that may be taken concurrently.
*L indicates the course is a laboratory course. A course number followed by "L" indicates that the lecture course incorporates a laboratory.
*Students interested in graduate school should take Chem 351, 352, 353, and 481.
*A Chemistry minor is obtained by taking Chem 105, 106, 107, 223, 351, 352, and 2 credit hours of 353. NDFS 350 may be substituted for the minor requirement of Chem 223.
*All Civilization 2 courses count double towards Arts, Letters, or Global and Cultural Awareness requirements. For example, Mfg 202 also fulfills the Arts Elective requirement.

Other Recommended Courses

ISA 220 Intro to Development Studies F 3.0
PAS 100 Living With Plants FWSp 3.0
Mfg 201 History of Creativity 1 F 3.0 (fulfills Civ 1)
Mfg 202 History of Creativity 2 W 3.0 (fulfills Civ 2 and Arts Electives)
Mfg 355 Plastics & Materials Processing W 3.0
